Date 26 November 1984OLL No. 84-4355/ 2HILL CONTACT Patti Rogusky Houston office (713) 229-2763COMMITTEE/MEMBER Congressman Bill ArcherSUBJECT Former Contract Employee ACTION OFFICER

SUMMARY: At request of O/P I called Mr. Archer's office and asked Patti whether her office would require a written response to Mr. Archer's letter of 13 November. She said not necessarily in writing, but would need something to respond to

I then explained that we did not want to get into a continuing exchange of correspondence with because of certain sensitivities re his employment. However, his work performance was not satisfactory and former supervisors concurred that we would not wish to re-employ I added that he had been told that his termination was due to budgetary restraints.

I asked that she explain to that the Agency had called to say that there were no openings suitable to his experience and background and that we are unable to offer him employment.

Patti indicated this would be satisfactory, but asked for my telephone number in case she needs to check further with me.
